Eric Fierro bridges the gap between technology and the law. Eric practices in Keller Rohrback's nationally recognized Complex Litigation Group and oversees the firm's legal technology group, providing electronic discovery and litigation support to colleagues and clients on a wide array of cases. Whether he is helping to preserve significant amounts of data for institutional clients or walking an individual through the data collection process to increase accuracy and maximize privacy, Eric works closely with clients to understand their needs and provide solutions.

Eric has over 15 years of experience with legal technology. While attending law school in the evening, Eric worked full-time for the U.S. Attorney's Office for the District of Massachusetts where he provided technical support for all criminal and civil units, including the healthcare fraud, securities fraud, and other white collar crime units. Eric also worked as a summer law clerk for the computer crime and intellectual property unit at the U.S. Attorney's Office. Before joining Keller Rohrback, he was a managing consultant for Huron Consulting Group, providing consultative services for complex electronic discovery and document review matters.

When not at work, Eric enjoys spending time with his family, golfing, and rebuilding off-road vehicles in his garage.
